Weight: 40kg

Nationality : indonesia

Region: Catholic

I am twenty-two years old. I took an IT education background at the university campus of the Bali Institute of Design and Business. I graduated in September 2022. I have expertise in data processing using SQLyG, GitHub Desktop, Apache NetBeans, and creating Databases. I believe my qualifications and skills can make a significant contribution to the company. I can work well as part of a team as well as an individual. I also work hard and am passionate about learning.
